## Description

---

Licensed land for a gas station and its annexes in the city of Ismailia, in a very distinguished location, at the corner and near the main road. Ismailia is located in its distinctive geographical location, as it is located between three of the largest cities in Egypt: Cairo, Suez, and Port Said. This distinguished location makes it close to everyone, away from the crowding and noise that major cities are famous for, but at the same time it is close to them and easy to move to when needed.

Area: 4200 square meters

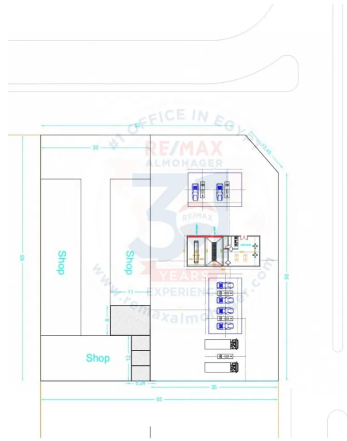

Price: 43,000,000 Egyptian pounds

Ismailia enjoys the availability of all the services that a person needs in his daily life, from various markets and commercial malls, and educational centers such as schools and universities, hospitals and medical centers, main roads and public facilities.
