The First Settlement is one of the important residential compounds in the city of New Cairo, and it is one of the first areas to be established in the city. In all the neighborhoods and areas of the neighborhood, which makes it a neighborhood that enjoys a healthy environment and is far from pollution. Many important landmarks are located in the First Settlement, such as Wadi Degla Compound and the Aviation Club. The First Settlement area is also characterized by the presence of many necessary and recreational facilities that make it a comprehensive and integrated area, and many services and features that qualify for a stable life for the family, including vital facilities, shops, and schools. International and lively streets, restaurants and cafes, gyms and fitness centers, mosques, and shopping centers
