3,690,000 EGP

In one of the most prestigious and lively areas, Dorra Group Real Estate Development Company worked to establish its residential project, Zayed 2000 Compound, which includes residential buildings that were implemented with the highest quality, and also has a distinctive view of wide green spaces and gardens, and its residents enjoy tranquility, privacy, and security. Zayed 2000 Compound is considered one of the first residential projects launched in Sheikh Zayed City, as the developing company has worked on implementing it since 1994, and has tried to provide through it all the services that residents of residential complexes need, starting with its presence in the middle of a residential neighborhood close to most areas. Various services, whether hospitals, schools, shops and malls.
