Nasr City has a large concentration of shopping malls (Genena Mall, Tiba Outlet Mall, City Center, Serag Mall, City Stars, Suncity Mall). There are eight shopping malls in the area, where City Star is one of the largest malls in Egypt, most of which were opened in the late 1990s. There was a dramatic growth of shopping malls in the neighborhood, and they were generally more successful than similar enterprises in other parts of Cairo. One of the main reasons for the success of these commercial centers is the simple grid environment of Nasr City. The district has no town/city center and consists of long, wide streets, with roundabouts, and perpendicular streets.
