NEOM October is one of the best residential projects in 6th of October City, developed by Arab Holding Company. The compound is distinguished by many features, the most important of which are the wide green spaces, gardens, recreational parks, and picturesque landscapes that surround all parts of the project. The real estate developer of the project was keen to offer units at prices suitable for all units, in addition to giving priority to its customers in the first place through payment systems with the longest repayment period and the lowest payment down payment, and in the following lines we will learn about the details of the project.
